State Authorities Won't Advise the Board

#### HOW TO RAISE NEEDED FUNDS

The Solicitor Will Hand In a Written Statement, Which Will Probably Direct What Course Shall Be Taken—Plenty Work to Do—A Long and Uninteresting Session.

The session of the board of education did not open until 8.45 last night, the meeting proper being preceded by a half hour's private session of the committee on finance. When the board convened all members were present, and the minutes of the previous meeting were adopted, after a few minor corrections were made. The reports of the various committees were then called for. Mr. Stevenson said that he had no report to make yet in regard to securing a reduced rate of fare for school children living in the East End.

President McGraw in explanation of what efforts had been made to secure proper legal advice from higher authorities, in regard to what course should be taken to raise funds, stated that as the solicitor had not given them any advice on this matter at the last meeting, that he, the president, had called upon the state attorney general and commissioner of public schools while at Columbus last week, and they both said it was the duty of the solicitor to direct the board in what method they should pursue on this question. Continuing, the president informed the board that he had conferred with the solicitor, and that the latter was to prepare a written statement and present it to the board at this meeting, but being unavoidably absent from the city, the statement will be presented at a latter period.

Mr. Stevenson, who was appointed to look after the improvement of the street in front of the school house in the East End, reported that as nothing had been done yet by property owners to comply with the law that it might be best to defer any action in this particular until a move was made by others. At this juncture Member McClain arose to his feet and called the attention of the board to section 3973 of the school laws, which distinctly specifies that all school property shall be exempt from all taxation. Therefore the notice issued by the city marshal to improve the street is void. A motion to refer the notice back to the city clerk and call his attention to the section which exempts school property from taxation carried, and the committee was discharged.

The reports of the committees appointed to see that all schools were equipped with flags, showed that all buildings were provided with the national emblem except the West End and Trentvale school houses, and Clerk Norris stated that as the fulfillment of his duty had escaped his memory, he would give it immediate attention today.

Mr. Vodrey said that Trentvale school would be provided with flags and staffs soon. Member McClain, who interviewed Councilman Ashbaugh in regard to what disposition should be made of the light in the tower of the town clock, said that the latter gentleman had promised to bring the matter before council. He had also talked to Councilman Peake on the same subject, and his advice was to turn off the light, and when it came up before council for action he would favor the city paying for it. Upon recommendation of the committee it was voted to let the matter rest until another meeting.

Following is an estimate compiled by the committee of the expenses for this year:

Bonds, \$2,000; interest on bonds, \$3,800; teachers' salaries, \$15,697.44; probable increase in salaries, \$675; superintendent's salary, \$1,000; fuel, \$1,000; supplies, etc., \$200; interest on borrowed money, \$1,000; janitors' salaries, \$2,438; probable increase, \$1,000; examiners' and enumerators' fee, \$120; light, \$200; clerk's salary, \$200; treasurer, salary, \$225; hauling freight, etc., \$100; library, \$90; insurance, \$168; total expenses, \$29,925.44; valuation of property, \$35,703.70; at 8 mills levy, \$2,456.97; auditor's fee for collecting, \$24.60; leaving a total tax levy of \$24,214.36; state tax, \$6,162.75; interest, \$68.16; total, \$30,445.27; total expenses of the year, \$29,925.44; balance, \$519.83. The surplus money remaining will be devoted to the liquidation of numerous incidental expenses that will be incurred.

The clerk made known the fact that it would require \$2,408 to pay

the teachers' salaries for this month, and that it was necessary to devise some means whereby the funds could be raised. The clerk also announced that a payment of \$1,250, due semi-annually on the \$50,000 bond issue, would soon have to be paid.

Then followed a number of motions that were put and withdrawn on the question of borrowing money to meet incoming exigencies. After much discussion Mr. McClain arose amid the puzzling aspect affairs were assuming, and made a motion that the former resolutions authorizing the borrowing of \$6,500 in anticipation of the bond issue, be altered, and the figures changed to \$4,500, the resolutions now to read that the loan was consummated on the strength of incoming funds from the tax levy. This motion then passed, although some of the members declared that they did not clearly understand it.

On motion by Stevenson, it was decided to borrow \$2,600, the amount necessary to meet the expenses of the month.

The following bills were then presented for settlement: Janitor Sauter, supplies, \$5.40; William Beardmore, car fare and postage, \$2; Charles Jutte & Co., \$20.01; Surles & Stewart, insurance, \$30; Ed C. Hood, teachers' certificates, \$5. These bills were all ordered paid, after the results of the investigation of two bills that had been laid over from the last meeting was made public. Exceptions were also taken to the bill of the truant officer, but it was finally acted upon favorably.

After a few remarks the following resolution was submitted by Mr. Nickle and adopted:

WHEREAS, After making a careful estimate of the necessary expenses of conducting the schools, it is apparent that the amount of funds on hand are inadequate. Therefore be it

Resolved, That the clerk be instructed to certify a levy of eight mills for tuition and contingent purposes, including the payment of maturity of the outstanding bond issue.

Superintendent Sanor then handed in a list of the names of the graduates of this year, and the board moved to grant them diplomas. The meeting then adjourned to examine the samples of an agent who was present, and who wished to furnish the board with brushes for use in the schools.

#### ESCAPED THE OFFICERS.

George Heckathorne Crossed the River Into West Virginia.

George Heckathorne was arrested by Marshal Johnson and Officer Whan at the home of his parents on Fifth street at noon today, being suspected as having been implicated in a recent robbery that occurred in the city. The officers started for the city jail with their prisoner. Upon their arrival at city hall, Heckathorne made a break for liberty and started down Market street on the run. Officer Whan pulled his revolver to shoot at him, but the weapon failed to go off for the first time since the officer has had it.

Heckathorne got a good lead, but was followed by Johnson, Whan and McMillan. He ran down the street to the railroad track and followed it down to Walker, McMillan firing several shots at him. At Walker a man was taking up a trot line in a skiff, and Heckathorne ran down the beach, jumped into the skiff and rowed to the West Virginia side of the river, where he got out and disappeared up the bank. The officers were close on his track, but everything seemed to be in his favor to escape. The man in the skiff was too much surprised to offer any resistance to him using his skiff.

#### THE DIAMOND PUMP.

Get Up a Petition and Send It Into Council at Their Next Meeting.

The well still continues to go up about the Diamond pump not being in operation. One member of the pump committee, when interviewed this morning, said: "The pump committee feel that they have done their part. They have put the pump in running order, and it is now in first-class condition. Now, if the people want to take hold of it let them do so; and get up a petition and send it into council to have the water works trustees furnish the water with which to run the pump. I have no doubt whatever that a petition of this kind would meet with the hearty approval of all the citizens, and the people who didn't sign, would do so merely because they weren't seen. It is indeed a shame that such an institution as this should be allowed to remain idle simply because it is supposed to use a few gallons more water a day than is absolutely necessary."

### GIVE THEM WIDE BERTH

Picture Fakirs Fleeing the Unsuspecting Public.

#### NO CHARGE FOR PORTRAITS

You Buy the Frame and They Will Do the Rest, With Emphasis on the "Do"—A Ravine Street Resident One of the Many Victims.

Complaints have been coming into this office regularly for the past several weeks regarding the presence of picture fakirs in our midst, who are daily fleeing unsuspecting residents, by gilt-edged palaver which always finds a willing ear.

The victims of these picture fakirs is generally among the weaker sex, as the following will show: One of the fakirs called at the residence of Thomas C. Smith, of Ravine street, and was busily engaged in telling the wife of the merits of his pictures, which he would furnish absolutely free of charge, when Mr. Smith entered the room and asked the object of his visit. The fakir replied that his business was with the lady of the house, and he did not care to have any dealings with the gentleman. Mr. Smith replied that he was lord and master of that domicile, and any business outside of the necessities of the household would be transacted by him. The fakir seeing that further parley would result in his being unceremoniously pitched into the street, poured into the ears of the husband a laudation of the grandly good work they were doing in the community by furnishing first-class portraits free of charge, the only perquisite being that the patron purchase one of their handsome frames, which ranged in price from \$2.00 to \$5.00, if the picture was satisfactory.

Mr. Smith could see nothing wrong in this agreement and furnished a photograph of a sister-in-law, which he desired to have enlarged, and the fakir departed, after informing him that a card would be sent notifying him when a proof was ready for his inspection. The card for some reason was not forthcoming, and Mr. Smith called at the fakir's so-called studio where the reproduction of his photograph was standing on an easel. The portrait was of a fairly good character and the gentleman admitted that the picture, as far as he knew, was acceptable, and began looking over the frames with a view to selecting one suitable. He finally decided on a pretty frame that suited his fancy, and asked the price. The exceptional low (?) price of \$2.50 was given, and Mr. Smith ordered the portrait framed.

Then came a surprise for the purchaser when one of the artists said: "Now, Mr. Smith, there is \$1 yet to be paid for the proof which we have just submitted, as is our custom." This angered Mr. Smith, as there was no mention of a fee for proof made by the soliciting fakir, and he informed the so-called artists that the agreement was that he was to pay for the frame alone. The faces of the artists assumed a cast of feigned astonishment, and they replied that their agent surely instructed him that there would be a small charge for the proof, and were positive that he had so informed him. Mr. Smith then flatly refused to take picture or frame and demanded the original portrait. The artists said that they were unable to hand over the photo, as they had sent it away to be altered. Mr. Smith knew this was a untrue, as the picture was first class and could not see why it should undergo alteration for reproduction.

While the trio were engaged in an animated conversation a lady entered the room who had been a victim of the fakirs' operations, and the way she called them down would do credit to a Cleveland pettifogger in police court.

Mr. Smith left the room during the altercation between the woman and artists with the consolation that they would try and locate his picture.

Residents should give this class of fakirs a wide berth, and remember that it is not customary to give something for nothing, as represented by the parties now operating in the city.

#### HOW IT WAS DONE.

Sheriff Gill Tells How the Pickpockets Operated.

In conversation with Sheriff Gill at Lisbon Sunday he told a representative of this paper how the pickpockets which he arrested on circus day operated. He had been watching the trio for quite awhile, in company with Officer McKenty, but they caught

onto the uniformed policeman, and the sheriff thought it best to go it alone. He finally saw two of the men in the dense crowd jostle a farmer by catching his elbows and pushing him forward, while the third plunged his hands into the victim's pants pockets from behind. The sheriff, who was directly back of the pickpockets nabbed them and asked assistance from a bystander, but before he could realize what was required, one of the prisoners made a dash for liberty and escaped. The sheriff thinks the bond in which they were held was rather small, as in addition to picking pockets they had a quantity of green goods on their persons.

More Kind Words For America's Next President.

And now the Gazette thinks the "big leaders" of the anti-McKinley forces "are certain" that "the ex-governor will lack 60 votes of nomination." #### COMPANY E

Met for Drill Last Night With Two Sets of Fours.

Company E met at the armory last night and the question as to whether the boys would participate in the parade at Akron on Decoration Day was submitted to the soldiers, with the result that the company was a unit in favor of the trip. In order that the boys might become more proficient in the evolutions, Captain Hill has ordered two extra drills before the occasion, and desires a full attendance. All expenses will be paid by the committee having the celebration in charge, and it is thought the entire company will turn out. After the meeting the company was formed on Third street and marched to Second where the small boys made such a din that the captain's commands were inaudible. A city officer will be on hand Thursday night to dispel the crowd, and it will be well for parents to keep their children at home or instruct them in becoming manners, which some of them are sadly in need.

#### AN OPERATION

Performed This Afternoon by Doctors Allen, Hobbs and Toot.

Doctor Allen, of Cleveland, arrived in the city on the noon train, and, together with Doctors Hobbs and Toot, went to the home of Will S. Smith, who was injured yesterday morning by the breach pin of his gun blowing out. In the opinion of Doctor Allen Mr. Smith could not possibly recover unless an operation was performed, as his wounds were found to be much more serious than anticipated, part of the skull being crushed into the brain. The operation was successfully performed, although the physicians are not prepared to say what the outcome will be, as the injured man's condition is serious.

#### TO LISBON.

A Party Will Indulge in a Walking Match Tomorrow.

There has been considerable discussion among a number of gentlemen of the city as to their walking proclivities, and to decide the championship Smith Fowler, Joe Turnbull and Jimmie Welch will line up at the Hotel Grand tomorrow morning at 7 o'clock, and tramp over the hills to Lisbon. Each contestant has put up a wager of \$25, and the winner will take the stakes. Smith Fowler says he will be first at the county capital, and will telephone the result of the match as the pedestrians come in.

### THE MEMORIAL DAY LAW

In Regard to the Playing of Public Games.

#### TWO GAMES HERE ON THAT DATE

The Keystones Have Been Canceled for Saturday, But a Stronger Team Will Be Booked—The Liverpool Team Want a Chance at Toronto or New Cumberland.

For the benefit of a large number of base ball cranks and many others, we publish below the law in regard to playing ball games on Decoration Day. The law is headed:

"An act to prohibit the playing of games on Decoration day during the memorial exercises," and says:

Sec. 1. Be it enacted by the general assembly of the state of Ohio, That whoever engages in the playing of any public games on Decoration day, during the rendition of the program, within a radius of one mile from the speaker's stand, shall be guilty of a misdemeanor, and be fined in any sum not exceeding \$25. Passed April 6.

Manager Morris has booked the Acme Athletics, of Allegheny, for two games on Decoration day. The games will be played in strict conformity with the law, as there is no desire on the part of the management of the East Liverpool club to interfere in any way with the memorial exercises. The Acmes will probably be booked for one game on May 29, also.

The Keystones have been canceled for Saturday, as they were considered not strong enough for the home team. The Junctions or Our Boys will be booked for that day, and another good contest can be looked for.

The Toronto and New Cumberland people seem to think that they have the strongest teams in the Ohio valley and don't hesitate to say so. This is where we differ with them, for East Liverpool, besides furnishing the most of their players, has a team here that can defeat either club, or can show the pick of the two teams how to play ball.

The Rover football club will meet at the Young Men's Christian association rooms on Thursday evening at 7:30.

The Homestead club evidently took their defeat on last Saturday to heart, as last night Harry Colgan called up G. Y. Travis and asked him to see if he could arrange two games with the East Liverpool club for Friday and Saturday of this week. The gentleman will have to be disappointed, as the dates are already filled. Colgan stated that he would bring seven of the original Homestead team with him, if they could secure the dates. It wouldn't do them any good to come after revenge, as they would meet the same fate as the last team.

The clerks' base ball club has organized with the following roster: Wallace, catcher; Davidson, pitcher; Logan, short; Yant, first; McKee, second; Bennett, third; Swaney, left; McNutt, middle; Hertel, right; Will Gass has been elected official umpire, and the boys are confident of winning most of their games. The first challenge to be issued is for the pottery clerks, and after the game with them is played, they will challenge anybody and everybody.

The Young Men's Christian association have received one of the finest vaulting poles ever seen in the city, which will be used in their practice for the state pentathlon contest. The boys are practicing regularly, and are making rapid progress in the various branches which will comprise the contest.

#### HAD A WAGER.

To Lift a 100-Pound Weight Above His Head.

The other day a well-known young man approached several leaders in athletics in the city and wanted to know how much he would be charged for the use of a gymnasium in which to practice, as he had a wager on to lift a 100-weight above his head 15 times with one hand, and a 200-pound weight 20 times with both hands. As he was not in the shape as when he left to join the Cuban army, the young man said he wanted to get down in weight, and therefore desired the use of the gymnasium. The athletic leaders are of the opinion that he couldn't lift a 100-pound weight off the floor, let alone put it above his head.

#### Stock Going Up.

N. G. Macrum, cashier of the First National bank, has received the following from E. C. McVoy, Phenixville, Pa.: "McKinley stock is advancing in this end of the state. Better buy all you can before it reaches 550."

Continuing, the president informed the board that he had conferred with the solicitor, and that the latter was to prepare a written statement and present it to the board at this meeting, but being unavoidably absent from the city, the statement will be presented at a latter period.

Mr. Stevenson, who was appointed to look after the improvement of the street in front of the school house in the East End, reported that as nothing had been done yet by property owners to comply with the law that it might be best to defer any action in this particular until a move was made by others. At this juncture Member McClain arose to his feet and called the attention of the board to section 3973 of the school laws, which distinctly specifies that all school property shall be exempt from all taxation. Therefore the notice issued by the city marshal to improve the street is void. A motion to refer the notice back to the city clerk and call his attention to the section which exempts school property from taxation carried, and the committee was discharged.

The reports of the committees appointed to see that all schools were equipped with flags, showed that all buildings were provided with the national emblem except the West End and Trentvale school houses, and Clerk Norris stated that as the fulfillment of his duty had escaped his memory, he would give it immediate attention today.

Mr. Vorey said that Trentvale school would be provided with flags and staffs soon. Member McClain, who interviewed Councilman Ashbaugh in regard to what disposition should be made of the light in the tower of the town clock, said that the latter gentleman had promised to bring the matter before council. He had also talked to Councilman Peake on the same subject, and his advice was to turn off the light, and when it came up before council for action he would favor the city paying for it. Upon recommendation of the committee it was voted to let the matter rest until another meeting.

Following is an estimate compiled by the committee of the expenses for this year:

Bonds, \$2,000; interest on bonds, \$3,800; teachers' salaries, \$15,697.44; probable increase in salaries, \$675; superintendent's salary, \$1,900; fuel, \$1,000; supplies, etc., \$200; interest on borrowed money, \$1,000; janitors' salaries, \$2,458; probable increase, \$1,000; examiners' and enumerators' fee, \$120; light, \$200; clerk's salary, \$200; transient officer, salary, \$225; hauling freight, etc., \$100; library, \$90; insurance, \$168; total expenses, \$29,925.44; valuation of property, \$35,703.70; at 8 mills levy, \$2,458.97; auditor's fee for collecting, \$244.60; leaving a total tax levy of \$24,214.36; state tax, \$6,162.75; interest, \$68.16; total, \$30,445.27; total expenses of the year, \$29,925.44; balance, \$519.83. The surplus money remaining will be devoted to the liquidation of numerous incidental expenses that will be incurred.

The clerk made known the fact that it would require \$2,408 to pay

the teachers' salaries for this month, and that it was necessary to devise some means whereby the funds could be raised. The clerk also announced that a payment of \$1,250, due semi-annually on the \$50,000 bond issue, would soon have to be paid.

Then followed a number of motions that were put and withdrawn on the question of borrowing money to meet incoming exigencies. After much discussion Mr. McClain arose amid the puzzling aspect affairs were assuming, and made a motion that the former resolutions authorizing the borrowing of \$6,500 in anticipation of the bond issue, be altered, and the figures changed to \$4,500, the resolutions now to read that the loan was consummated on the strength of incoming funds from the tax levy. This motion then passed, although some of the members declared that they did not clearly understand it.

On motion by Stevenson, it was decided to borrow \$2,600, the amount necessary to meet the expenses of the month.

The following bills were then presented for settlement: Janitor Sauter, supplies, \$5.40; William Beardmore, car fare and postage, \$2; Charles Jutte & Co., \$20.01; Surles & Stewart, insurance, \$30; Ed C. Hood, teachers' certificates, \$5. These bills were all ordered paid, after the results of the investigation of two bills that had been laid over from the last meeting was made public. Exceptions were also taken to the bill of the transient officer, but it was finally acted upon favorably.

After a few remarks the following resolution was submitted by Mr. Nickle and adopted:

WHEREAS, After making a careful estimate of the necessary expenses of conducting the schools, it is apparent that the amount of funds on hand are inadequate. Therefore be it

Resolved, That the clerk be instructed to certify a levy of eight mills for tuition and contingent purposes, including the payment of maturity of the outstanding bond issue.

Superintendent Sanor then handed in a list of the names of the graduates of this year, and the board moved to grant them diplomas. The meeting then adjourned to examine the samples of an agent who was present, and who wished to furnish the board with brushes for use in the schools.

#### ESCAPED THE OFFICERS.

George Heckathorne Crossed the River Into West Virginia.

George Heckathorne was arrested by Marshal Johnson and Officer Whan at the home of his parents on Fifth street at noon today, being suspected as having been implicated in a recent robbery that occurred in the city. The officers started for the city jail with their prisoner. Upon their arrival at city hall, Heckathorne made a break for liberty and started down Market street on the run. Officer Whan pulled his revolver to shoot at him, but the weapon failed to go off for the first time since the officer has had it.

#### THE DIAMOND PUMP.

Get Up a Petition and Send It Into Council at Their Next Meeting.

The well still continues to go up about the Diamond pump not being in operation. One member of the pump committee, when interviewed this morning, said: "The pump committee feel that they have done their part. They have put the pump in running order, and it is now in first-class condition. Now, if the people want to take hold of it let them do so; and get up a petition and send it into council to have the water works trustees furnish the water with which to run the pump. I have no doubt whatever that a petition of this kind would meet with the hearty approval of all the citizens, and the people who didn't sign, would do so merely because they weren't seen. It is indeed a shame that such an institution as this should be allowed to remain idle simply because it is supposed to use a few gallons more water a day than is absolutely necessary."

Picture Fakirs Fleeing the Unsuspecting Public.

#### NO CHARGE FOR PORTRAITS

You Buy the Frame and They Will Do the Rest, With Emphasis on the "Do"—A Ravine Street Resident One of the Many Victims.

Complaints have been coming into this office regularly for the past several weeks regarding the presence of picture fakirs in our midst, who are daily fleeing unsuspecting residents, by glib-edged palaver which always finds a willing ear.

The victims of these picture fakirs is generally among the weaker sex, as the following will show: One of the fakirs called at the residence of Thomas C. Smith, of Ravine street, and was busily engaged in telling the wife of the merits of his pictures, which he would furnish absolutely free of charge, when Mr. Smith entered the room and asked the object of his visit. The fakir replied that his business was with the lady of the house, and he did not care to have any dealings with the gentleman. Mr. Smith replied that he was lord and master of that domicile, and any business outside of the necessities of the household would be transacted by him. The fakir seeing that further parley would result in his being unceremoniously pitched into the street, poured into the ears of the husband a laudation of the grandly good work they were doing in the community by furnishing first-class portraits free of charge, the only perquisite being that the patron purchase one of their handsome frames, which ranged in price from \$2.00 to \$5.00, if the picture was satisfactory.

Mr. Smith could see nothing wrong in this agreement and furnished a photograph of a sister-in-law, which he desired to have enlarged, and the fakir departed, after informing him that a card would be sent notifying him when a proof was ready for his inspection. The card for some reason was not forthcoming, and Mr. Smith called at the fakir's so-called studio where the reproduction of his photograph was standing on an easel. The portrait was of a fairly good character and the gentleman admitted that the picture, as far as he knew, was acceptable, and began looking over the frames with a view to selecting one suitable. He finally decided on a pretty frame that suited his fancy, and asked the price. The exceptional low (?) price of \$2.50 was given, and Mr. Smith ordered the portrait framed.

Then came a surprise for the purchaser when one of the artists said: "Now, Mr. Smith, there is \$1 yet to be paid for the proof which we have just submitted, as is our custom." This angered Mr. Smith, as there was no mention of a fee for proof made by the soliciting fakir, and he informed the so-called artists that the agreement was that he was to pay for the frame alone. The faces of the artists assumed a cast of feigned astonishment, and they replied that their agent surely instructed him that there would be a small charge for the proof, and were positive that he had so informed him. Mr. Smith then flatly refused to take picture or frame and demanded the original portrait. The artists said that they were unable to hand over the photo, as they had sent it away to be altered. Mr. Smith knew this was a untrue, as the picture was first class and could not see why it should undergo alteration for reproduction.

While the trio were engaged in an animated conversation a lady entered the room who had been a victim of the fakirs' operations, and the way she called them down would do credit to a Cleveland pettifogger in police court.

Mr. Smith left the room during the altercation between the woman and artists with the consolation that they would try and locate his picture.

Residents should give this class of fakirs a wide berth, and remember that it is not customary to give something for nothing, as represented by the parties now operating in the city.

#### HOW IT WAS DONE.

Sheriff Gill Tells How the Pickpockets Operated.

In conversation with Sheriff Gill at Lisbon Sunday he told a representative of this paper how the pickpockets which he arrested on circus day operated. He had been watching the trio for quite awhile, in company with Officer McKenty, but they caught

onto the uniformed policeman, and the sheriff thought it best to go it alone. He finally saw two of the men in the dense crowd jostle a farmer by catching his elbows and pushing him forward, while the third plunged his hands into the victim's pants pockets from behind. The sheriff, who was directly back of the pickpockets nabbed them and asked assistance from a bystander, but before he could realize what was required, one of the prisoners made a dash for liberty and escaped. The sheriff thinks the bond in which they were held was rather small, as in addition to picking pockets they had a quantity of green goods on their persons.

#### FROM OUR EXCHANGES.

More Kind Words For America's Next President.

And now the Gazette thinks the "big leaders" of the anti-McKinley forces "are certain" that "the ex-governor will lack 60 votes of nomination." The facts are that McKinley has over 100 majority now assured, and his nomination is to all intents and purposes practically conceded by everybody—except a few people who are making laughing stocks of themselves.—Pittsburg News.

The A. P. A. council has placed Major McKinley on the same footing with other candidates for the presidency. Any other decision would have resulted in the complete disruption of that order. William McKinley's Americanism is too broad and too genuine to be mistaken. He believes in American ideas, in American products and the American people.—Youngstown Telegram.

If the Democratic press are as thoroughly satisfied that the financial position of McKinley is radically and fatally wrong, as they claim, then wouldn't it be good politics to work for his nomination?—Ohio State Journal.

Why are the Democratic papers so anxious over McKinley's financial views? Why do they not look to the probability of the Chicago convention declaring for free silver?—Toledo Blade.

#### COMPANY E

Met for Drill Last Night With Two Sets of Fours.

Company E met at the armory last night and the question as to whether the boys would participate in the parade at Akron on Decoration Day was submitted to the soldiers, with the result that the company was a unit in favor of the trip. In order that the boys might become more proficient in the evolutions, Captain Hill has ordered two extra drills before the occasion, and desires a full attendance. All expenses will be paid by the committee having the celebration in charge, and it is thought the entire company will turn out. After the meeting the company was formed on Third street and marched to Second where the small boys made such a din that the captain's commands were inaudible. A city officer will be on hand Thursday night to dispel the crowd, and it will be well for parents to keep their children at home or instruct them in becoming manners, which some of them are sadly in need.

#### AN OPERATION

Performed This Afternoon by Doctors Allen, Hobbs and Toot.

Doctor Allen, of Cleveland, arrived in the city on the noon train, and, together with Doctors Hobbs and Toot, went to the home of Will S. Smith, who was injured yesterday morning by the breach pin of his gun blowing out. In the opinion of Doctor Allen Mr. Smith could not possibly recover unless an operation was performed, as his wounds were found to be much more serious than anticipated, part of the skull being crushed into the brain. The operation was successfully performed, although the physicians are not prepared to say what the outcome will be, as the injured man's condition is serious.

#### TO LISBON.

A Party Will Indulge in a Walking Match Tomorrow.

There has been considerable discussion among a number of gentlemen of the city as to their walking proclivities, and to decide the championship Smith Fowler, Joe Turnbull and Jimmie Welch will line up at the Hotel Grand tomorrow morning at 7 o'clock, and tramp over the hills to Lisbon. Each contestant has put up a wager of \$25, and the winner will take the stakes. Smith Fowler says he will be first at the county capital, and will telephone the result of the match as the pedestrians come in.

### THE MEMORIAL DAY LAW

In Regard to the Playing of Public Games.

#### TWO GAMES HERE ON THAT DATE

The Keystones Have Been Canceled for Saturday, But a Stronger Team Will Be Booked—The Liverpool Team Want a Chance at Toronto or New Cumberland.

For the benefit of a large number of base ball cranks and many others, we publish below the law in regard to playing ball games on Decoration Day. The law is headed:

"An act to prohibit the playing of games on Decoration day during the memorial exercises," and says:

Sec. 1. Be it enacted by the general assembly of the state of Ohio, That whoever engages in the playing of any public games on Decoration day, during the rendition of the program, within a radius of one mile from the speaker's stand, shall be guilty of a misdemeanor, and be fined in any sum not exceeding \$25. Passed April 6.

Manager Morris has booked the Acme Athletics, of Allegheny, for two games on Decoration day. The games will be played in strict conformity with the law, as there is no desire on the part of the management of the East Liverpool club to interfere in any way with the memorial exercises. The Acmes will probably be booked for one game on May 29, also.

The Keystones have been canceled for Saturday, as they were considered not strong enough for the home team. The Junctions or Our Boys will be booked for that day, and another good contest can be looked for.

The Toronto and New Cumberland people seem to think that they have the strongest teams in the Ohio valley and don't hesitate to say so. This is where we differ with them, for East Liverpool, besides furnishing the most of their players, has a team here that can defeat either club, or can show the pick of the two teams how to play ball.

The Rover football club will meet at the Young Men's Christian association rooms on Thursday evening at 7:30.

The Homestead club evidently took their defeat on last Saturday to heart, as last night Harry Colgan called up G. Y. Travis and asked him to see if he could arrange two games with the East Liverpool club for Friday and Saturday of this week. The gentleman will have to be disappointed, as the dates are already filled. Colgan stated that he would bring seven of the original Homestead team with him, if they could secure the dates. It wouldn't do them any good to come after revenge, as they would meet the same fate as the last team.

The clerks' base ball club has organized with the following roster: Wallace, catcher; Davidson, pitcher; Logan, short; Yant, first; McKee, second; Bennett, third; Swaney, left; McNutt, middle; Hertel, right; Will Gass has been elected official umpire, and the boys are confident of winning most of their games. The first challenge to be issued is for the pottery clerks, and after the game with them is played, they will challenge anybody and everybody.

The Young Men's Christian association have received one of the finest vaulting poles ever seen in the city, which will be used in their practice for the state pentathlon contest. The boys are practicing regularly, and are making rapid progress in the various branches which will comprise the contest.

#### HAD A WAGER.

To Lift a 100-Pound Weight Above His Head.

The other day a well-known young man approached several leaders in athletics in the city and wanted to know how much he would be charged for the use of a gymnasium in which to practice, as he had a wager on to lift a 100-weight above his head 15 times with one hand, and a 200-pound weight 20 times with both hands. As he was not in the shape as when he left to join the Cuban army, the young man said he wanted to get down in weight, and therefore desired the use of the gymnasium. The athletic leaders are of the opinion that he couldn't lift a 100-pound weight off the floor, let alone put it above his head.

#### Stock Going Up.

## PUBLIC PRINTING

This city, during the past year, has been getting its public printing done at lower rates than at any other point in the state.

## BOOMERANGS.

The A. P. A. boomerang has done its work very effectively, and the enemies of McKinley wish they had not used the blamed thing.

## GET THERE.

The above words seem to indicate the wish of the masses respecting McKinley. The people apparently want him to "get there" on the first ballot at St. Louis, and the indications are that he will.

## MALICE.

Don't fear it. Do right and trust in God. Your enemies cannot hurt you if you are building on the platform of right. Men may think that they can conquer and defeat you, but all their efforts will be in vain. It has been so ordered by the higher power.

## MCKINLEY.

Broadminded, liberal, courageous, cool in emergencies, preserving his presence of mind when rivals are howling at him, McKinley wins the admiration and respect of the people all over the land. He always has the courage of his convictions. The American flag will not be lowered in humility when he occupies the presidential chair.

## AGENTS.

When they are in the right, they are entitled to all due respect and consideration, even if they are not residents of our city. When they are dishonest and tricky, resorting to all sorts of artifices and cunning for the purpose of robbing the public, then they deserve censure and condemnation. If the reports which come to our office respecting picture agents in this city at the present time are true, then those agents deserve hot condemnation, and they should be ordered from our city or prosecuted by those whom they have deceived and wronged.

## A Man Without a Past.

When Adam had shaken himself and looked around him on the day of creation, he indulged in something like the following soliloquy:  
"Well, it doesn't look as if I were going to have much company to keep me from being lonesome, but there is one thing I am congratulating myself upon, and that is I'm a man without a past."

"I have no foolish actions to grieve over, no notes coming due, no bad character to live down, no breach of promise suit on my hands, no loss of lent money to look myself about, no creditor to make me hide in the woods, no dun to put off till next Monday week, no apology to make for calling on a girl when I was three sheets in the wind, no lies to manufacture to appease an angry wife, and a great many other things I haven't got to do, and, last and best of all, I'm in no danger of being run down and killed by a bicycle ridden by a woman in bloomers. On the whole, I don't see but that a man without a past is pretty well off."—Boston Courier.

## A Good Thing.

Johnny (who has been watching a funeral for the first time)—Mamma, why do they all wear black?  
Mamma—People always wear black when they have lost any of their family.  
Johnny—And do they have to get everything new?  
Mamma—Oh, I suppose so.

## Johnny—Well, it's a good thing the Smiths' cat is black.—New York Journal.

## He Had Been Treated.

Old Lady (compassionately)—Poor fellow! I suppose your blindness is incurable. Have you ever been treated?  
Blind Man (sighing)—Yes, mum, but not often. 'Tain't many as likes to be seen goin' into a public house with a blind beggar.—London Tit-Bits.

## Those that are good manners at the court are as ridiculous in the country as the behavior of the country is most muckable at the court.—Shakespeare.

# ANOTHER FATAL STORM

**A Cyclone Sweeps the Pawnee Reservation, Nebraska.**

## THE KNOWN DEAD NUMBER 44.

Forty Killed on the Indian Reservation and Four at Fall City—Later Developments Show That 18 Were Killed by the Twister in Kansas.

OMAHA, May 19.—A special from Humboldt, Neb., says 40 people have been killed on the Pawnee reservation by a cyclone.

Four people are known to have been killed near Fall City by the same storm.

**18 KILLED IN KANSAS.**

Later Developments Increase the Damage Done in That State.

KANSAS CITY, May 19.—News of the loss of life and destruction of property by the cyclone in Kansas is slow in coming in, caused by the crippled condition of telegraph wires. Fully half a dozen towns were struck by the twister and 18 were killed. The injured number fully 30, many of whom it is feared are fatally hurt.

Reserve, a village on the Missouri Pacific in Brown county, seems to have felt the brunt of the storm. But five houses are said to have been left standing there. The list of killed at Reserve are: D. W. Terhune, aged 60; Ralph Sweeney, 9 years; Viola Phillips, 4 years; and Mrs. John Rynder.

The cyclone crossed the central branch of the Missouri Pacific at the Blue river, two miles east of Irving, then followed the railroad and the river to Frankfort; thence north to Baileyville, Seneca, Sabena and Reserve, entering Nebraska at Fall City. At Falls City it overturned 26 freight cars, demolished the B. & M. freight depot and damaged 26 houses. A Mr. and Mrs. Hinton are reported hurt at the latter place.

A special from Sebota, Kan., says: At Sebota there is one dead and 15 injured, and 2,525 houses were totally destroyed and twice as many wrecked. Northwest of Sebota three were killed and the desolation is widespread. Northwest of that town four were killed and many injured. Six are reported killed near Oneida. The identified dead in the vicinity of Sebota are:

Mrs. Jacob Meisner, Hattie Buehney, Ellen Carrey, the Sherrard and Conwell children (number not given), Mrs. Dan Sailer, Mrs. Seugg, Mrs. Beachy and unknown woman.

## CAN'T PUNISH CHINAMEN.

Supreme Court Decides They Can Be Excluded but Not Imprisoned.

WASHINGTON, May 19.—Justice Shiras has delivered the opinion of the supreme court in the case of Wong Wing and three other Chinamen vs. the United States, reversing the judgment of the circuit court for the eastern district of Michigan. The Chinamen were sentenced to imprisonment at hard labor in the Detroit house of correction on the charge of being unlawfully within the United States.

The court said that the United States can forbid aliens from coming within the borders and expel them, but when congress sees fit further to promote such aliens to infamous punishment at hard labor or by confiscating their property, such legislation to be valid, must provide for a judicial trial to establish the guilt of the accused.

## Considering Immigration Bills.

WASHINGTON, May 19.—The house decided to give today and Wednesday until 4 o'clock for the consideration of the immigration bills. There are four of them. The McCall bill provides an educational test; the Stone bill provides for consular inspection, and the Mahany and Corless bills provide for more rigid enforcement of the present immigration laws and especially deal with immigration laws, and more especially with immigration from Canada.

## Refused to Investigate Elections.

WASHINGTON, May 19.—The senate, by a vote of 6 yeas to 41 nays, defeated a motion by Mr. Allen (Pop., Neb.) to proceed with the consideration of the resolution to investigate alleged election irregularities in Alabama, occurring at the time Governor Oates was elected over R. F. Kalb, Populist. Mr. Chandler explained that the adverse vote was due largely to the disinclination to displace appropriation bills.

## The Holt Will Trial.

WASHINGTON, May 19.—The trial of the will of John Holt, a beguiling question, is set for next Monday week, no apology to make for calling on a girl when I was three sheets in the wind, no lies to manufacture to appease an angry wife, and a great many other things I haven't got to do, and, last and best of all, I'm in no danger of being run down and killed by a bicycle ridden by a woman in bloomers. On the whole, I don't see but that a man without a past is pretty well off."—Boston Courier.

## A Sunday Law Valid.

WASHINGTON, May 19.—Justice Harlan has delivered the opinion of the supreme court in the case of Henington vs. the state of Georgia, involving the constitutionality of the state law prohibiting the running of freight cars in Georgia on Sunday. The opinion held the law to be valid.

## The Army and Navy Union.

WASHINGTON, May 19.—The National Army and Navy union is in session here. National Commander Joseph B. Morton of the war department here delivered his annual report, and speeches were made by Representatives Fenton and Northway of Ohio.

## Loehren Confirmed as Judge.

WASHINGTON, May 19.—The senate has confirmed Pension Commissioner William Lochren as district judge in Minnesota, vice R. R. Nelson, resigned.

## Cuban Authorities Stubborn.

NEW YORK, May 19.—Consul General Williams has telegraphed from Havana, Cuba, that the authorities there refuse to deliver for extradition to this country, Mariel Martin, alias Gonzalez Mendoza, who is wanted here on the charge of swindling August Belmont & Co. out of \$24,000 by means of a forged draft.

## THE CZAR NOT AFRAID.

Not So Many Detectives Surrounding Him As Usual.

MOSCOW, May 19.—One of the special features of the present events in Moscow is the doing away with the custom of employing special constables in citizens' dress to guard the route of the czar's coming and going from the city.

On general occasions, the route of the czar's progress is guarded by a double line of military, a double rank of sworn civilians, the ordinary police in uniform, the police of the defense department and the detective police. The joining away with the sworn civilian ranks will give better opportunity for the czar's subject at large to witness his progress to the coronation.

Preparations for the grand entry into the city are not yet completed. They are far advanced and on all sides are evidences of the confusion and hurry of the last touches for every great celebration. The character of the preparations is most imposing.

## DEADLY FIRE IN WASHINGTON.

Two Firemen Killed, Three Injured and Four Missing.

WASHINGTON, May 19.—A conflagration which resulted in the loss of almost \$250,000, and in which two firemen were killed and three seriously injured by falling walls has occurred in this city.

Twenty-one buildings with their contents were totally destroyed. The burnt district consists almost entirely of commission and wholesale jobbing houses in the square bounded by B street, Louisiana avenue, Ninth and Tenth streets.

The list of the dead and injured, all of whom were firemen, follows:

Dead: — Giles, engineer company No. 9; — Griffin, member of truck company No. 33.

Injured: Joe Mulhall, J. McIlwee, Arthur Donaldson.

In addition to the above four others are missing.

## Fierce Fires in West Virginia.

PARKERSBURG, W. Va., May 19.—Forest fires are raging in Tucker county. Hundreds of men have ineffectually fought the fires. The middle fork portion of the county is completely wiped out. The adjoining forest is now burning, with indications that the entire county will be devastated unless a rain prevents. Farmers have left their homes to seek refuge in larger towns.

## Mrs. Brice and Daughters Presented.

LONDON, May 19.—The Princess of Wales has held a large drawing room in behalf of the queen. The Americans presented were the Duchess of Marlborough, formerly Miss Consuelo Vanderbilt; Mrs. Calvin S. Brice and her two daughters, and Mrs. Douglas Grant of New York.

## Prizes Offered to Women.

CHICAGO, May 19.—Colonel Sherley of Kentucky, chairman of the committee on decorations of the Democratic national convention, is offering prizes to women all over the country who suggest the most suitable decorations for the convention hall.

## Riddled the Thief With Bullets.

WICHITA, Kan., May 19.—A half dozen farmers of Beaver township, Cowley county, went gunning for a thief who had come into their neighborhood in the guise of a man looking for work, and riddled him with bullets.

## State of the Gold Reserve.

WASHINGTON, May 19.—The treasury has lost \$1,344,600 in gold coin and \$19,000 in bars, which leaves the total amount of the gold reserve \$112,490,823. Of the coin withdrawals \$1,100,000 was for export.

## The Weather.

Partly cloudy weather, with conditions favorable for thunder storms; slightly cooler; light to fresh westerly winds.

# QUAY GOING TO CANTON

**Says He Wants McKinley's Financial Views.**

## POLITICIANS THINK DIFFERENTLY.

Some Believe He Will Bring Platt and the Major Together and Make Ohio's Nomination Unanimous—Others Say He Is After the Vice Presidency.

WASHINGTON, May 19.—Senator Quay is going to Canton, O., to have a talk with Major McKinley regarding the latter's position on the financial question. Just when this conference will take place will depend upon the senator's duties. At present he is very busy.

Senator Quay said he was his intention to go to Pittsburg and Beaver last of this week for a few days to attend to some private matters. Then, as there was a good deal of uneasiness about Major McKinley's financial position, if he had the time to spare, it was his intention to go to Canton and have a personal talk with McKinley about it.

The announcement of Senator Quay's intended visit to the Ohioan created a great deal of gossip among the politicians, coming immediately after the visit to Senator Quay of ex-Senator Platt, it was believed by some that the proposed visit was the result of that conference. The McKinleyites believe that the visit means the unanimous nomination of McKinley. They argue that Senator Quay's real mission is to make peace between McKinley and Platt, and if that is accomplished all the leaders of the opposition will withdraw and make McKinley's nomination unanimous.

Others contend that the visit will result in Senator Quay withdrawing from the contest and accepting second place on the ticket with McKinley, and, in fact, a paper here devotes a half column to an article to prove that Quay's candidacy for the presidency is intended to solely secure second place for himself. Senator Quay stated emphatically that his name would be presented to the St. Louis convention.

## GIBBONS TO THE CANDIDATES.

Intimates They Should Speak Out Regarding the A. P. A.

WASHINGTON, May 19.—In reply to some questions addressed through Rev. Dr. Stafford of Washington, D. C., to Cardinal Gibbons the cardinal has sent a letter in which he says:

"It is the duty of the leaders of political parties, to express themselves without any equivocation, on the principles of religious freedom which underlie our constitution. Catholics are devoted to both the great political parties of the country, and each individual is left entirely to his own conscience. We are proud to say that in the long history of the government of the United States the great Catholic church has never used or perverted its acknowledged power by seeking to make politics subserve its own advancement. Moreover, it is our proud boast that we have never interfered with the civil and political rights of any who differ from us in religion.

We demand the same rights for ourselves and nothing more and will be content with nothing less. Not only is it the duty of all parties distinctly to set their faces against the false and un-American principles thrust forward of late, but much as I would regret the entire identification of any religious body as such with any political party, I am convinced that the members of a religious body whose rights, civil and religious, are attacked will naturally and unanimously espouse the cause of the party which has the courage openly to avow the principles of civil and religious liberty according to the constitution.

"Patience is a virtue. But it is not the only virtue, when pushed too far it may degenerate in pusillanimousness."

## MAY FIGHT GOV. MATTHEWS.

Indiana Gold Democrats Talk of Advocating Russell or Olney.

INDIANAPOLIS, May 19.—There has been talk among a few of the well known gold standard Democrats here in Indianapolis effecting an organization which shall advocate the nomination of William E. Russell of Massachusetts for president. A well-known Democrat says he believes that if such a club were organized it would be able to gather a good many members here in Indianapolis and throughout the state.

There are also influential members of the party who are in favor of the nomination of Secretary of State Olney. It is believed that there are a few Democrats, advocates of the gold standard, who will go to Chicago and oppose the nomination of Governor Matthews if he decides to rely upon the free silver people for his support in the convention.

## TELLER AS A DEMOCRAT.

A Silver Paper Advocating Him For the Presidential Nomination.

DENVER, May 19.—The Rocky Mountain News, a leading editorial says: "The question of Teller as the Democratic candidate for president should at once interest the Democrats of the mountain states. Might it not be worth the effort for Colorado Democrats to organize with the Democracy of its neighboring states, to present Teller, should he bear himself at St. Louis as there is right to expect he will, to the southern silver Democrats of the convention and say to them, if you will accept him he will have the support of all the mountain region, and we will unite with you in making him the leader of the movement for the restoration to a bankrupt and well nigh hopeless people of the money of the constitution, the life blood of commerce and the wand by the touch of which prosperity will rise and take the country again in its healthful, invigorating embrace."

## Endorsed Russell's Candidacy.

WORCESTER, Mass., May 19.—The Democratic convention of the Third congressional district for the election of delegates to Chicago has been held. A resolution was adopted endorsing the platform of the state convention and the presidential candidacy of Hon. William E. Russell.

## WEYLER GETTING EVEN.

Injures Our Tobacco Interests by Stopping Exportation From Cuba.

HAVANA, May 19.—Some of the foreign commercial houses have complained to the consuls of their respective countries of the injury which they will suffer through the prohibition of the export of leaf tobacco. Having done this, the consuls cabled to their governments asking for instructions and calling attention to the injury which it is claimed the proclamation will do to commerce.

General Weyler, it is understood, has taken this step because of the financial assistance rendered to the cause of the revolution in Cuba by the Cuban and Spanish cigarmakers in the United States, and presumably elsewhere out of Cuba.

A New York special says: A member of a wholesale grocery house that imports more tobacco and cigars from Cuba than any other firm, speaking of this latest order by the Spanish commander-in-chief in Cuba, said: "If the telegraphic despatches concerning this matter are correct the whole manufacturing tobacco trade in this country will be demoralized."

## New A. P. A. Officers.

WASHINGTON, May 19.—The list of new officers of the A. P. A. is: President, John W. Echols, Atlanta; secretary, W. J. Paler, Butte, Mont.; treasurer, F. C. Campbell, Minneapolis; sergeant-at-arms, J. W. Ellis, South McAlester, I. T.; guard, W. B. Howard, Omaha, Neb.; sentinel, T. S. Henson, Ohio; trustees, Allison Stocker, Denver, Colo.; George Hester, Cleveland, and W. J. White, Richmond, Va.

## The Suicide Again Identified.

NEW YORK, May 19.—There has been another identification of "Mrs. Everett of Boston," the Colonnade hotel suicide. This time Judge Ralph Hill of Indianapolis asserts that the woman was the wife of his son, E. E. Hill. The son is in London.

## Horseshoers' International Convention.

## Joan of Arc's Portrait.

Is there an authentic portrait of Joan of Arc in existence? Most people suppose there is not, but a German minister in religion, Herr Gatrio, declares in an account he has written of the "History of the Abbey of Murbach" that there are in Alsace two miniatures representing Joan, which are to all appearance the work of an artist among her contemporaries. The first represents the young girl marching to battle. Upon her head is a helmet, she has a cuirass on her chest, and she holds aloft a white flag, whereon the Lord is represented with a terrestrial globe in his hand. At her side are two angels, and at the bottom of the flag are the words, "Jesus and Mary." In the second miniature Joan has no helmet. Her long hair hangs over her shoulders, and above is represented a saint's nimbus. These interesting works of art, adds the writer, are in the collection of Herr George Spetz, at Isenheim, in Alsace.

# LONG DEADLOCK LIKELY

Still No Election in the M. E. Conference.

BUTZ AND McCABE LOSE GROUND.

Cranston, Hamilton and Neely Make Surprising Gains—The Delegates of the M. E. Church South Return and Receive a Warm Welcome.

CLEVELAND, May 19.—The impression is becoming prevalent that the deadlock in the Methodist Episcopal general conference over the election of the two new bishops will be a long one. It is evident that there is a strong element in the conference opposed to the election of more bishops, and this element is believed to have been voting in a scattering way for the purpose of precipitating a deadlock. A motion was made, without a second, to postpone further balloting indefinitely and it is said the motion will be renewed today.

The features of the balloting are the names of Dr. Buttz and Dr. McCabe, two of the strongest candidates in the race, and the surprising gains of Dr. Cranston, Dr. Hamilton and Dr. Neely. It is apparent that a combination has been formed by the friends of Drs. Cranston and Hamilton, while a large eastern contingent, which is opposed to the election of either Dr. Buttz or Dr. McCabe, is supporting Dr. Neely. The thirteenth ballot proved as futile as the first.

The ninth ballot was as follows: C. C. McCabe, 238; Earl Cranston, 236; H. A. Buttz, 218; J. W. E. Bowen, 159; T. B. Neely, 57; J. W. E. Bowen, 17; 234 necessary to choose.

Tenth ballot: Cranston, 259; McCabe, 233; Buttz, 193; Hamilton, 180; Neely, 81; Bowen, 12. Necessary for choice, 341.

Eleventh ballot: Cranston, 244; McCabe, 214; Hamilton, 191; Buttz, 174; Neely, 131.

Twelfth ballot: Cranston, 230; McCabe, 192; Buttz, 138; Neely, 103; Hamilton, 191.

Routine business continued throughout the session. A brief interruption occurred to introduce Dr. J. C. Morris and A. P. Perkins of Texas, fraternal delegates from the M. E. Church South. It was Dr. Morris, concerning whom an unfortunate complication arose at the time of his first visit and he has returned in order that the conference may receive him. The gentleman was shown scant courtesy on the occasion of his previous appearance at the conference a day or two after it had met here. Both gentlemen were received with applause.

The thirteenth ballot: Cranston, 245; McCabe, 190; Hamilton, 186; Neely, 172; Buttz, 125; Bowen, 124.

The committee on state of the church decided to recommend that licensed local preachers be given authority to perform the marriage ceremony. The committee on temporal economy voted to favor the election of church trustees by the congregations, but thought that the stewards should be chosen as they now are. The committee on temperance drew up a report favoring prohibition as against license and tax restrictions and endorsing the anti-saloon league. There was a long debate in the committee on episcopacy over the proposition to have a sub-committee report upon the places to which bishops should be assigned. The suggestion was finally defeated and the bishops, as heretofore, will choose their own fields of labor in the order of their seniority.

THE M. P. CONFERENCE.

A Decision Made to Revise the Present Catechism.

KANSAS CITY, May 19.—President Herring presided at the session of the Methodist Protestant conference in Kansas City, Kan. An important item in its work was the adoption of a resolution providing for the printing each week in the various religious weeklies of the extracts from the catechism. A hot discussion arose over the resolution, which was presented by Rev. A. J. Reichard, chairman of the Sunday-school committee, it was finally adopted by a decisive vote.

The proposition to revise the catechism into a more popular form next caused general discussion. A general complaint was made that the present form did not meet the needs of the masses. It was finally decided to make a revision, which was left with a committee of five to report at the next general conference.

Rev. John Scott of Allegheny City, Pa., was appointed on the committee. Resolutions "abhorring the use of tobacco" and "forbidding members, either lay or otherwise to use the weed or alcoholic liquors were unanimously adopted.

Other resolutions adopted approve all temperance work in progress and declare against the license or taxation of liquor as an implied and indirect sanction of the traffic. The conference also ordered that the fourth Sunday in November be observed by all Sunday schools of the church as Temperance Sunday. This is according to the program adopted by the World's Sunday school conference. Last night the delegates were banqueted at the Midland hotel by H. J. Heinz of Pittsburgh, Pa., president of the Kansas City university.

## ATTACKED BY ITALIANS.

Serious Riot During a Ball Game Near Hazleton.

HAZLETON, Pa., May 19.—Six persons have been shot and a number of others seriously injured during a riot at MacAdoo, a town four miles from here. The injured are:

Joseph Ward, shot in knee; Thomas Cairns, shot in arm; James Muldowney, finger blown off; Burke Brennan, shot in shoulder; James Brennan, shot in arm; May Burke, shot in back; Antonio Rizzo, nose broken; Mrs. Rose Viechio, scalp lacerated.

A game of base ball was in progress when a gang of drunken Italians charged upon the players and spectators with revolvers, clubs and stones. An Italian had been arrested for assault and battery. A number of young men took him from the constable and unmercifully beat him. The Italians, hearing of this, threatened revenge. They fulfilled their threat. The first inning had just been finished when there was a pistol shot. It was followed in a few minutes by a promiscuous discharge of firearms.

The crowd attempted to run away, but the Italians chased them, discharging their pistols and throwing stones. The foreigners were almost mad with their rage and blazed away incessantly until the police arrived.

Several of the Italians were arrested and more will be taken in custody. Ward, who was catcher for the MacAdoo club, is the most seriously injured. He is lying in a hospital in a critical condition.

## DAMAGE CASE SETTLED

By the Defendants Paying \$150 and Deposition Charges.

### LISBON'S PLANS FRUSTRATED

By an Injunction Being Issued by Judge Smith, Restraining the Improvement of a Street—An Assignment Prepared for Next Week—Court News.

#### Special to News Review.

LISBON, May 19.—Catharine Hymes, of East Liverpool, who last week was appointed guardian of Maggie Hymes, this morning in probate court consented to settle a damage claim against the firm of Crook & McGraw for \$150. The firm also agreed to pay the bill of deposition. Several months ago Ida Hymes was injured on Fourth street by a large roll of linoleum falling upon her foot. The suit for damages had not yet been filed in court.

The plans of a number of Washington street citizens of this place to pave the street on which they reside, about a mile in length, was frustrated by Judge Smith yesterday by a restraining order being issued on motion of C. M. Miller, an owner. General bonds amounting to \$9,500 were advertised for sale yesterday, and this, together with the special assessments on the property abutting, would be double the amount. Judge Smith sustained that the law authorizing the issue of bonds was a special one attempting to confer corporate power, and was therefore unconstitutional. Also that the law under which they were working was a local one, eligible only to Lisbon, and pertaining to matters of general interest, and was void. Judge Wells conducted the case on behalf of the plaintiff, and J. W. Clark appeared for the village.

The creditors in the Joseph Coll assignment case met and elected Byron S. Ambler assignee, to take the place of W. H. Coll, discharged. The Columbiana County Library association met in the office of the probate judge last evening and decided to purchase a law library of 500 volumes. The commissioners will be asked to donate a section of the grand and petit jury rooms for their reading room.

The jury in the case of Martin Leatheron against the city of East Liverpool returned a verdict for the plaintiff in the sum of \$400 at 1 o'clock this afternoon after a lengthy discussion.

Judge Blandin, of Cleveland, arrived this afternoon to assist Col. Hill in defending the Maggie McDole case against the East Liverpool and Wellsville Street Railway company.

The assignment for the week beginning Monday, May 25, Judge Robinson presiding, is as follows:

Monday—Robert Welch versus the city of Wellsville.

Tuesday—John S. Smith versus Wellsville, Emeline Hamilton versus the East Liverpool and Wellsville Street Railway company, Frank Green versus same.

Wednesday—Charles Spence versus the East Liverpool and Wellsville Street Railway company, the First National bank of Allegheny versus John Rinehart, Nancy Patterson versus D. A. McIntosh.

Thursday—Ohio versus Thomas Toland, Ohio versus Robert Filley, Ohio versus Snowden Eppler, Ohio versus George Noble.

Friday—Ohio versus John Kountz, Ohio versus James House, Ohio versus William Wynn, (seven cases,) Ohio versus Anthony Gavin, Jr.

A marriage license was issued to Charles C. Watson and Luie Clark, of East Liverpool.

### MANY CONTRIBUTIONS.

The Library Committee Meeting With Success.

The promoters of the establishment of the new library are greatly encouraged at the result of their efforts up until the present time. Judging from the contributions coming in and the hearty co-operation met with, the institution of the movement is bound to be a flattering success.

Messrs. Mumford, Danberg and Hughes, the library sub-committee appointed to visit the various local unions of the city and solicit contributions, called on the barbers union and the pressers local, No. 4, last night. Both bodies expressed themselves in full accord with the project, the tinsmiths donating \$5 and the potters \$15 to the fund.

Those who are financially interested in the institution of the free library will call a meeting when the bulk of the contributions have been handed in, and determine upon the most judicious manner of applying the funds. When the library is opened to the public, the committee wish it to be distinctly understood that no looting will be tolerated on the premises.

### WILL STAY OPEN.

The Barbers Decide Not to Close on Decoration Day.

The barbers' union met last night and initiated two candidates and rejected one, the applicant not having served a sufficient time at his trade. The subject of keeping open on Decoration Day was discussed, and as the 30th of May this year comes on Saturday it was decided after much talk to keep open on Friday night until 10 o'clock, and to stay open all day Decoration Day until 9 o'clock in the evening. By this the employees will only realize one hour's rest, as the shops will stay open two hours later on Friday night and close three hours earlier on Saturday. The committee appointed by Trades council to confer with the various local unions in regard to the new library were present, and the plan met with the hearty approval of the barbers.

### A MOVEMENT

To Do Away With the Annual Meeting of the Trustees.

A number of the township trustees of the various townships in the county are making an effort to have the annual meeting of the township trustees and infirmity directors done away with, as they consider it a useless expense. The meeting is held every year at the infirmity, and consists of an inspection of the home and the transaction of business of the different townships over which the county commissioners and infirmity directors have control. As this is an entirely unnecessary proceeding, and a great many of the trustees believe in retrenchment, they want it stopped. The trustees of the city are in favor of placing a telephone in the infirmity, as it would greatly expedite business, and will recommend the same to the infirmity directors.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1,235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist.

Those who have fences or porches to repair, or any other repair work in this line, can have the same promptly and skillfully attended to by calling on the J. T. Smith Lumber company.

### NOTICE.

### Have You Kidney Trouble?

A 50 cent, trial bottle of Foley's Kidney cure will prevent serious results from this fatal disease. For sale at Reed's and Bulger's drug stores.

A brilliant complexion is a beauty in itself. It pleases the eyes of thoughtful people and the minds of thinking people. They know that a really good complexion is a sign of health, and created by Nature. There are different ways of imitating a fine complexion: cosmetics, which deceive the body, but ruin the skin and make the user look silly and prematurely old; stimulants which only give a temporary flush; dangerous drugs which drive pimply disorders from the face back into the blood. All these "counterfeit" complexions are unsafe and easily detected. But the genuine, unmistakable, much-admired color and clearness of health can only be obtained by clearing all bilious matters and humors out of the blood.

The first step towards creating a good complexion by Nature's own method is to get the blood clear, and the circulation free and active. There is no complexion so low, muddy or pimply but it will be cleared and brightened by Dr. Pierce's Golden Medical Discovery. It is the best natural complexion-maker on earth. It checks the fresh glow of real health to the cheeks by thoroughly clearing all bilious and eruptive humors out of the blood. It strengthens the digestion and regulates the bowels in a mild, natural way. It gives brighter color to the blood, and not only beautifies the complexion but makes the eyes brighter and the breath sweeter.

If the bowels be very much constipated, it will be advisable to take small doses of Dr. Pierce's Pleasant Pellets, conjointly with the use of the "Golden Medical Discovery." One or two each day—just sufficient to get their laxative and alterative, or blood cleansing, effect will be sufficient.

### CROP BULLETIN.

The Condition Promising in the Southern Section.

The weekly crop bulletin for the week ending Monday, May 18, says that the southern section has had about half the usual amount of rainfall and regarded as favorable to the growth of vegetation and the prosecution of farm work. Early planted corn is up and being cultivated, while wheat is heading short and chinch bugs are plentiful. All crops need rain, especially wheat, oats, timothy, clover and some gardens. Peaches, grapes, blackberries, raspberries and strawberries are very promising. Apples, pears and cherries are dropping badly.

He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed: sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist."

Those who have fences or porches to repair, or any other repair work in this line, can have the same promptly and skillfully attended to by calling on the J. T. Smith Lumber company.

### Have You Kidney Trouble?

A 50 cent, trial bottle of Foley's Kidney cure will prevent serious results from this fatal disease.

A brilliant complexion is a beauty in itself. It pleases the eyes of thoughtless people and the minds of thinking people. They know that a really good complexion is a sign of health, and created by Nature. There are different ways of imitating a fine complexion: cosmetics, which deceive no one, but only give a temporary flush; dangerous drugs which drive plimply disorders out of the blood; and the use of Dr. Pierce's Golden Medical Discovery. It is the best natural complexion-maker on earth. It sends the fresh glow of red health to the cheeks by thoroughly clearing all bilious and eruptive humors out of the blood. It strengthens the digestion and regulates the bowels in a mild, natural way. It gives brighter color to the blood, and not only beautifies the complexion but makes the eyes brighter and the breath sweeter.

If the bowels be very much constipated, it will be advisable to take small doses of Dr. Pierce's Pleasant Pellets, conjointly with the use of the "Golden Medical Discovery." One or two each day—just sufficient to get their laxative and alternative, or blood cleansing, effect will be sufficient.

### CROP BULLETIN.

The Condition Promising in the Southern Section.

The weekly crop bulletin for the week ending Monday, May 18, says that the southern section has had about half the usual amount of rainfall and regarded as favorable to the growth of vegetation and the prosecution of farm work. Early planted corn is up and being cultivated, while wheat is heading short and chinch bugs are plentiful. All crops need rain, especially wheat, oats, timothy, clover and some gardens. Peaches, grapes, blackberries, raspberries and strawberries are very promising. Apples, pears and cherries are dropping badly.
